- Below Average Poverty Rate
- Average Poverty Rate to 2x
- 2x to 3x Poverty Rate
- Above 3x Poverty Rate

Data Source: US Census Bureau, American Community Survey, 2015 5-year Estimates, table S1701.

This map shows the poverty rates for census tracts in Arlington County. Poverty rate is defined by the percent below poverty level of the population for whom poverty status is determined.

A "High Poverty Area" is a census tract with greater than three times the average census tract poverty rate for the Metropolitan Statistical Area (MSA).

The average census tract poverty rate in 2015 for the Washington DC MSA is 8.8%. The threshold for a "high Poverty Area" is 26.4%

There were no High Poverty Areas in Arlington in 2015
