CAF at 80% AMI	794	1%					

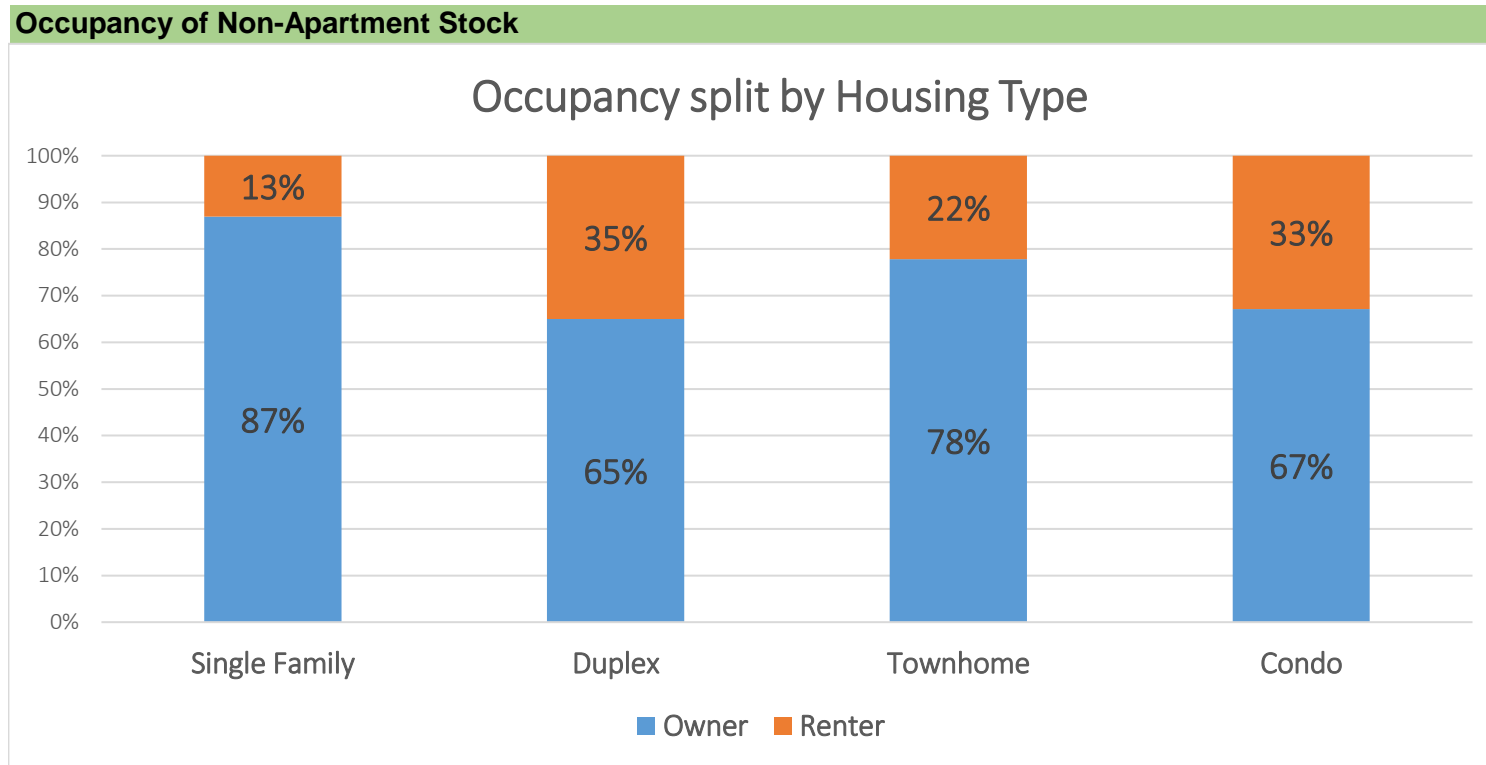

Source: Master Housing Unit Database FY 2016

Prepared by CPHD, Planning Division, UDR, December 2016.

* Totals may not sum to housing unit totals in the annual Profile update. This is due to the use of different data sources and timing of data used to compile this table.

Occupancy derived by comparing owner address to property address. If address does not match, it is assumed the unit is occupied by a renter.

The table area is currently blank.
